^a Guarantee required only when nutrient added except when the feed is intended, represented or serves as a principal source of the nutrient.

^b Sodium guarantee required only when total sodium exceeds that furnished by the maximum salt guarantee.

Ingredients

Ingredients as defined by AAFCO.

Mixing Directions

Mix this Type B medicated feed with non-medicated feed ingredients to manufacture one ton of Type C medicated feed for beef cattle.

The following table provides examples of mixing rates:

Type B CTC concentration (g/ton)	Type B per ton of Type C	Non-medicated feed per ton of Type C (lb)	Type C CTC concentration (g/ton)
5,000	28	1972	70
20,000	7	1993	70
80,000	1.75	1998.25	70
5,000	140	1860	350
20,000	35	1965	350
80,000	8.75	1991.25	350

The resulting Type C medicated feed should be fed to beef cattle weighing under 700 lbs to provide chlortetracycline at the rate of 350 mg per head per day.

Warning

A withdrawal period has not been established for this product in pre-ruminating calves.
 Do not use in calves to be processed for veal.

Manufactured By:

Blue Bird Feed Mill
 City, State, Zip

NET WEIGHT ON BAG OR BULK

*Deracin is the trade name of chlortetracycline hydrochloride formulation (Type A Medicated Article).

**The final printed feed label should list only a single concentration of chlortetracycline.
