### Purpose

- Antiseptic
- Antiseptic
- Insecticide

### Uses:

- For use as a topical antiseptic for surface wounds, to repel flies and to treat infestations due to fly strike in raptors, pet birds, captive small mammals, captive reptiles and captive exotic/zoo mammals.
- Use only when there is a reasonable certainty that the treated animal will not be consumed by humans or food-producing animals.

### Do not use:

- Do not use with soaps or other chemicals.
- This product is extremely toxic to fish, aquatic invertebrates, oysters and shrimp. Do not apply directly to or near water.

### Human Warnings:

- Not for use in humans.
- Keep out of reach of children.
- Do not contaminate food, water, eating utensils, or food contact surfaces. Wash hands before eating or drinking.
- If accidentally ingested, contact a Poison Control Center or a doctor.
- If accidentally eye contact, hold eye open and rinse with water for 10 minutes. Seek medical help if necessary.
- Avoid breathing of spray mist.
- To obtain product information, including material safety data sheet (MSDS)
  - e-mail: info@f10products.com
- To report a suspected adverse reaction
  - e-mail: info@f10products.com
- Adverse reactions may also be reported to the FDA/CVM at 1-888-FDA-VETS or http://www.fda.gov/AnimalVeterinary/SafetyHealth

### Directions for Use:

- Use disposable gloves during application and wash hands thoroughly after use.
- Use only in well ventilated areas.
- Clean the wound prior to application. Apply a maximum of 5 applications per animal with multiple wounds (1 - 2 sprays per wound). Spray only the wound site. Repeat once a week, if necessary or as advised by your veterinarian.

### Disposal:

- Do not reuse container. If empty, place in trash or recycle if available. If partly filled, contact your local solid waste agency for disposal instructions.
- If accidentally ingested, contact a Poison Control Center or a doctor.
- To report a suspected adverse reaction
  - e-mail: info@f10products.com
- Adverse reactions may also be reported to the FDA/CVM at 1-888-FDA-VETS or http://www.fda.gov/AnimalVeterinary/SafetyHealth

### Caution:

- For External Animal Use Only
- This product is not to be used in animals intended for use as food for humans or other animals. Use of this product is prohibited in dogs, cats, and horses and in food-producing species such as cattle, pigs, chickens, turkeys, rabbits, deer, ducks, pigeons, and turtles.

### Not Approved by the FDA

- Legally marketed as an FDA Indexed Product under MIF 900-010.
- Extra-label use is prohibited. It is a violation of Federal Law to use this product in a manner other than as directed on the labeling.

### Store:

- Store between 15°C - 30°C (59°F to 86°F) in dry conditions.

### 100ml
