NDA 021983

NOTIFICATION OF NON-COMPLIANCE WITH PREA

Meridian Medical Technologies
Attention: Pamela Uetrecht
Regulatory Strategist
1945 Craig Road
St. Louis, MO 63146

Dear Ms. Uetrecht:

Please refer to your New Drug Application (NDA) submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (the Act) for DuoDote (atropine and pralidoxime chloride injection) auto-injector, which was approved on September 28, 2006.

The Agency has determined that you have failed to meet the postmarketing requirement (PMR) of the Pediatric Research Equity Act (PREA) for this application because you have not yet submitted your pediatric assessment for PMR 1300-1, which was deferred until March 30, 2015.

Under the provisions of title V, section 505, of the Food and Drug Administration Safety and Innovation Act of 2012 (FDASIA), you must respond in writing within 45 calendar days of the date of this letter. Your response should include the reason(s) for the delayed pediatric assessment and a date by which you expect to submit the assessment. You may also include a request for a deferral extension, if applicable, which should be identified as a "**DEFERRAL EXTENSION REQUESTED**" in your response. We note that you requested a deferral extension on March 26, 2015; however, we have determined that your request does not qualify for an extension.

In accordance with FDASIA, FDA will post this letter and your response on the website located at http://www.fda.gov/Drugs/DevelopmentApprovalProcess/DevelopmentResources/ucm343203.htm with redactions for any trade secrets and confidential commercial information 60 calendar days from the date of this letter.

Please identify your response to this letter as a "**RESPONSE TO PREA NON-COMPLIANCE LETTER.**" To facilitate our review, submit this information to your NDA with a cross-reference letter to the IND to which your protocol has been submitted. In addition, send a copy of the cover letter to CDER's Division of Pediatric and Maternal Health.

If you have any questions, call Nicole L. Bradley, Pharm.D., Regulatory Project Manager, at (301) 796-1930.

Sincerely,

{See appended electronic signature page}

Billy Dunn, M.D.
Director
Division of Neurology Products
Office of Drug Evaluation I
