- Oversee budget of nearly \$300,000,000
- Notable experience:
 - Coordinated response to local Legionella Clusters including coordination of epidemiology, environmental health, and lab responses including clusters related to cooling towers in Lenox Hill, Flushing, and Upper Washington Heights
 - Re-established funding for Tuberculosis Clinics and Field Services after drastic budget reductions

- Launched PrEP campaigns focusing on women and Spanish-speakers. Listos is the first domestic PrEP campaign developed in Spanish

2014-2017

New York City Department of Health and Mental Hygiene

Assistant Commissioner -Bureau of HIV/AIDS Prevention and Control

- Created a new level of collaboration with major stakeholders in the NYC HIV epidemic including deeper ties with NY State's AIDS Institute and community stakeholders such as Treatment Action Group, ACT UP, and Housing Works
- Manage over 200 employees in several groups in the Bureau including Prevention, Care and Treatment, Surveillance, Administration, Field Services, External Affairs and Clinical Operations and Provider Communications
- Successfully administer an extensive portfolio of federally supported grants from the CDC and HRSA with an operating budget over \$200M including:
 - Ryan White Part A
 - CDC 12-1201
 - CDC 1506 and 1509
 - Ending the Epidemic Funding-City Hall and City Council
- Represent NYC DOHMH perspective at HRSA and CDC, including participation at CDC DHAP high-level consultation and Ending the Epidemic Consultation in 2016
- Developed the Clinical Operations and Provider Communications Program in BHIV that focuses on collaborations with NY State AIDS Institute/eHIVQual and DSRIP PPSs for the goal of increasing NYC DOHMH involvement in the quality of HIV related care.
- Served on the Governor's Task Force to End the Epidemic (EtE) of HIV/AIDS in New York State by 2020 and led the development of the NYC EtE Plan.
 - Led the Task Force Subcommittee on prevention focused on PrEP and PEP then subsequently developed the section of "the Blueprint" on these topics
 - Continue to serve as an ex officio member of the NY State AIDS Advisory Council subcommittee on Ending the Epidemic
- Led significant efforts within NYC to develop EtE Programming and strategy
 - Worked with NYC community advocates and other NYC agencies including City Hall, City Council, and the Human Resources Administration to develop an implementation program for NYC Ending the Epidemic work. This includes:

- Developing the framework for expanding STD Clinical Services to include antiretrovirals for treatment and prevention
 - Developed the schematic that led to inclusion of expanding the scope of STD clinics to deeper HIV prevention that was ultimately included in the NY State EtE Blueprint.
 - Led the DOHMH EtE Clinical Subcommittee to develop innovative PEP, PrEP, and immediate ART programs to be implemented at NYC Sexual Health Clinics
 - Held formative meeting with NY State to secure funding for PEP 28 in Sexual Health Clinics
 - Held formative meetings, presented to board of trustees, and supported application process for M-A-C AIDS fund support of “jumpstART”
- Created a package of services, inspired by community input and the NY State Blueprint that includes:
 - Funding of grassroots transgender organizations
 - Upscale of THE UNDETECTABLES program to a City-wide initiative to support viral load suppression
 - Development of HIV “Status Neutral” care navigation
 - Launch of the “PlaySure” PrEP Network
 - Launched PEP Centers of Excellence and 24hr PEP Hotline
 - Launch of the first municipally funded domestic Crystal Methamphetamine program
 - Developed protocols for HIV Molecular Epidemiology
- Hosted and developed several “Community-Expert” consultations focusing on EtE areas of interest. These consultations have been co-sponsored by TAG and are now the standard for BHIV community feedback
 - Surveillance of HIV in Transgender Individuals
 - Crystal Methamphetamine Use in NYC
 - PrEP Measurement-Attended by CDC
 - Phylogenetics-Ethics Consultation-Attended by CDC and HRSA
 - HIV/Hep C Co-infection

- Planned: STIs in the Age of Antiretrovirals for HIV Prevention-PrEP/PEP and TasP
- Launched New York Knows-The countries largest jurisdictional HIV testing program in Manhattan, Queens, and Staten Island.
 - Developed plan with NY State to streamline interaction between coalitions
 - Initiated use of SalesForce to create a repository of NY Knows partners and data for use internally and externally
- Developed and Launched NYC HIV Home Testing Giveaway
- Developed the NYC LGBTQ Health Care Bill of Rights
 - Planned launch at Pride 2017
 - Will coincide with the launch of “Bare it All,” a campaign focused on disclosure of sexual and drug use activity to providers
 - Vetted list of LGBTQ friendly providers currently under development
- Developed the RED Ball, NYC DOHMH’s first House and Kiki Ball
 - The House Ball Community is a diverse group of individuals of diverse gender and sexual identities that come together to compete in “vogue” competitions. Young MSM and transgender/non-gender conforming individuals of color make up a significant part of this populations
 - The RED ball is an NYC DOHMH sponsored competition that has resulted in high levels of engagement with both leaders and members of the community
 - Generated significant media coverage
- Founded the NYC #BeHIVSure LGBTQ Coalition
 - Using EtE funding created a steering committee that has evolved the charge of this group to “The LGBTQ Health Equity Coalition”
- Developed NYC’s HIV Neutral Continuum of Care
 - Created a continuum of care that includes both people living with and at risk of HIV that has become the central organizing principal for BHIV
 - December 2016 a new “Status Neutral HIV Prevention and Care Cycle” will be released to replace the linear continuum
- Developed NYC’s HIV Mortality Prevention Continuum
 - The mortality prevention continuum looks retrospectively at gaps in the care of individuals who died of AIDS-related causes

- This is the first use of surveillance data to create an actuarial continuum for deceased people with HIV/AIDS
- Orchestrated the first public release of viral load suppression data for major clinical providers in NYC- The Clinical Care Dashboards
 - Data from 21 facilities publically released to increase data transparency in NYC. In December an additional 14 facilities will be added.
 - Several other jurisdictions exploring similar work based on the CCD
- Released the Care Status Reports, a first-of-kind HIV registry query program that allows providers to identify patients lost to care.
 - Care Status Reports are a web-based portal for providers seeking the status of patients they have lost to follow up
 - October 2016-Batch upload feature improves provider interface
- Developed the NYC “PlaySure Kit”- NYC’s New HIV and STI Prevention Device
 - Based on a real NYC patient’s prevention pack, industrial designers created this kit from my specifications based on a photo of an actual patient kit
 - Earned significant media attention and will be included in the NYC Historical Society Archive
 - Named by the NYC Historical Society as one of the 15 objects most representative of the 21st Century
 - Over 150K kits distributed
- Developed the “Sure” series of public campaigns that changed the tone of NYC DOHMH public messaging of HIV Prevention and Care. Lauded by HIV, LGBTQ, and national press for its innovation
 - BeHIVSure-HIV testing campaign that featured community celebrities such as Carmen Carrera
 - PlaySure- Publically applauded “HIV Neutral” PrEP, Treatment, and Condom campaign
 - PlaySure Kit Campaign-Focused on marketing both HIV prevention interventions and the NYC PlaySure Kit
 - StaySure-To be released Dec 2016. This campaign further explores HIV treatment as prevention, PEP, PrEP and condoms
- First US Public Health official to sign onto a consensus statement that people with HIV who have consistent viral load suppression pose as negligible risk of transmission
 - National Association of State and Territorial AIDS Directors subsequently signed on after consultation
- Led local efforts of PrEP and PEP public health detailing
 - Adapted by multiple jurisdictions nationally
- Participated in the development of dashboards for EtE

- Assisted in development of NYC content for the NY State dashboard
 - Participated in an anticipatory meeting at Johns Hopkins for development of a national dashboard
 - Currently developing the NYC dashboard for the UNAIDS Fast Track City/90-90-90 program
- Led the development and placement of the DOHMH first float in the NYC LGBTQ Pride Parade in 2015 and 2016
- Created innovative materials and strategies to support the health of transgender New Yorkers
 - Developed and releasing two health guides
 - Spearheaded the re-classification of transgender people under their gender identity rather than birth sex in the HIV surveillance report in 2016
- Initiated process of integrating the HRSA-mandated Planning Council and CDC-mandated HIV Planning Group
- Incident Command System-NYC DOHMH
 - Deputy Clinical Operations Chief: Ebola Response
 - Worked at Bellevue Hospital to develop a system for healthcare worker monitoring
 - Clinical Operations Chief
 - Juice company Hepatitis A response-stood up vaccine and testing sites for staff of juice company
 - Zika Response
