Subject: RE: GCP training

Hello,

FDA does not offer certification in GCP training. However, while we cannot endorse/recommend non-government training entities, you may also find the courses provided by a number of the professional societies to be useful. These include: the Association of Clinical Research Professionals (ACRP) (<http://www.acrpnet.org/>), the Society of Clinical Research Associates (SoCRA) (<http://www.socra.org/>), the Regulatory Affairs Professionals Society (RAPS) (<http://www.raps.org/personifyebusiness/>), the Drug Information Association (DIA) (<http://www.diahome.org/DIAHome/Home.aspx>), and the Society of Quality Assurance (SQA) (<http://www.sqa.org/>). Several of these associations also have certification programs for clinical trial staff.

Please contact us again should you have additional questions at gcp.questions@fda.hhs.gov.

Sincerely,

Bridget A. Foltz, MS, MT(ASCP)
Policy Analyst, Office of Good Clinical Practice
Office of the Commissioner, Food and Drug Administration

Subject: GCP training

Hi ,

I would like to get certified in GCP guidelines. Can you please guide me.

Thanks
