The National Curriculum Standard (NCS) is a food safety professional training standard supported by FDA's cooperative agreement grant (5U54FD004324-04) and IFPTI to advance the mission of the Partnership for Food Protection's Integrated Food Safety System.

An interactive version of the NCS Curriculum Framework can be found at: <http://www.ifpti.org/incs>.

Note: Core content areas in which everyone at that Professional Level should have competency are denoted by dotted borders.
