

# FDA AND POST-MARKET SURVEILLANCE

Post-Marketing Activities

Elliot P. Cowan, PhD

Partners in Diagnostics, LLC

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# Purpose of this Talk

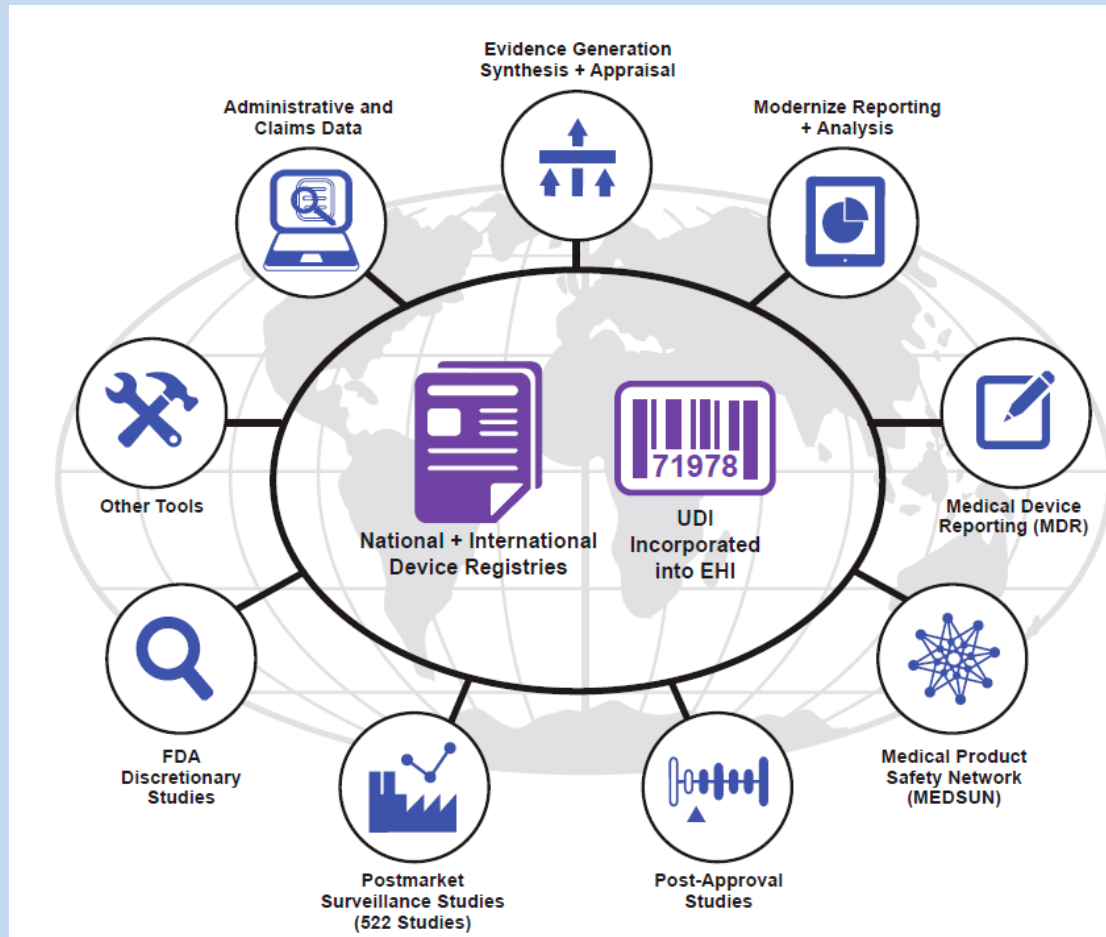

- To show what FDA expects for post-market surveillance activities
- To discuss actions FDA takes to respond to post-market issues
- To understand the implications of changes to an approved product

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# Overview

From: Strengthening Our National System for Medical Device Postmarket Surveillance: Update and Next Steps  
Center For Devices And Radiological Health U.S. Food And Drug Administration. April 2013

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# Manufacturer's Responsibilities (1)

- As part of compliance with the QSRs, manufacturers must have:
  - Adequate complaint handling system
  - Adequate corrective and preventive action procedures to determine the root cause of problems and implement changes to prevent them from happening in the future

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# Manufacturer's Responsibilities (2)

- Regulatory requirement for mandatory reporting to FDA of certain device-related adverse events and product problems (Medical Device Reporting)
  - Required of manufacturers, importers, and users
  - When device may have caused or contributed to a death or serious injury
  - When device malfunctions and would likely contribute to a death or serious injury if that malfunction were to recur
- Voluntary reporting

# The Public's Responsibilities

- Register complaints to manufacturer and to FDA
  - Test performance not consistent with claims in package insert/instructions for use
  - Quality issues
- MedWatch reporting

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# Triggers for Reporting: Test Performance

- False positive results
  - Reactive rapid HIV test result must be confirmed
  - Higher than expected rate of results that do not confirm positive
- False negative results
  - Typically identified through research studies

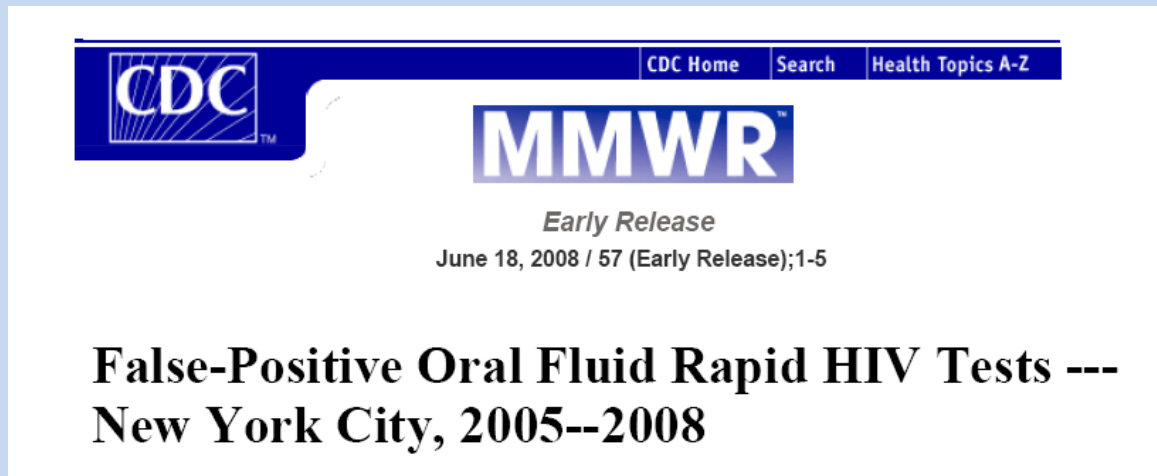

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# Examples

- Reports of sporadic, localized increased rate of false positive results

- Reports of false negative results
  - Window period testing
  - Documented false negatives with oral fluid specimens from individuals on anti-retroviral therapy

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# FDA Responsibilities

- Routine inspections for Class III IVDs (at least every 2 years) to monitor for continued QSR compliance
- Follow up with manufacturer on issues reported to FDA
  - Contact manufacturer
  - Ensure investigation conducted, root cause identified, and corrective action taken
  - For-cause inspection, if necessary
- Compliance actions, if necessary

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# FDA Enforcement Tools (1)

- Approved/cleared tests
  - Letters to manufacturers
  - Recalls
    - Voluntary action to carry out manufacturer's responsibility to protect the public health with respect to its products
  - Injunction and seizure (judicial actions for US manufacturers)
  - Application integrity policy (action taken in the event of fraud and misrepresentation)

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# FDA Enforcement Tools (2)

- Unapproved/uncleared tests (e.g., marketed through the Internet)
  - Letters (made public)
  - Import alert (for non-US manufacturers)
  - Court action to prevent sale (for US manufacturers, after gathering evidence)

U.S. FOOD AND DRUG ADMINISTRATION  
U.S. PRESIDENT'S EMERGENCY PLAN FOR AIDS RELIEF

# Changes to an Approved Product

- Manufacturers make changes to their products to
  - Improve efficiency of the manufacturing process
  - Change suppliers of materials/components
  - Correct errors
  - Address problems
  - Other reasons

# Changes to the IVD

## Guidance for Industry and FDA Staff
