Re. Statement of Nutritional Support Notifications

To Whom It May Concern:

We are hereby informing you that Chinese Herbal USA, Inc. ("Chinese Herbal") has initiated marketing of a dietary supplement product bearing claims that require the submission of a notification to FDA under 21 C.F.R. § 101.93.

The product, marketed under the trade name MPH™ (Maximum Performance Herbals™) Immune+™ Athletic Formula, contains Hericium (mushroom), Radix Astragali (root), Dioscoreae Oppositae (rhizome), Cordyceps Sinensis (fungus) and Radix Glycyrrhizae (root) in a 100 mg capsule. The following claims are made for the product:

- (1) Helps stimulate the immune system.
- (2) If you are athletically active and want to maximize your performance, MPH™ is for you.
- (3) Stimulates IL-1 Production in human blood *in vitro*.
- (4) Immune+ has been demonstrated to help stimulate the immune system.

Chinese Herbal's address is: International Tower, 888 So. Figueroa Street, Suite 1760, Los Angeles, California 90017

I hereby certify that the information contained in this notice is complete and accurate, and that Chinese Herbal has substantiation that the statements are truthful and not misleading.

Sincerely,

Kellogg Chan  
 President & COO  
 Chinese Herbal USA, Inc.
