Dear Ms. Carey:

Below is our request (e-mailed 3/25), to add an additional producing plant to our Temporary Marketing Permit (Docket No. 98P-1121) for Parmesan cheese. Please advise if we have permission to proceed with this additional manufacturing facility.

As mentioned in my first e-mail request, the total quantity of product we initially requested and was approved will not change with this new request to add another manufacturing facility.

Thank you for your time and assistance in this matter. If you have any questions, please do not hesitate to call me at 920-893-6061, extension 310, or e-mail me. I look forward to your reply.

Sincerely,

Subject: Temporary Marketing Permit

Dear Ms. Carey:

Sartori Food Corporation of Plymouth, Wisconsin wishes to amend its Temporary Marketing Permit (Docket No. 98P-1121) for the testing of Parmesan Cheese aged 6 months. We wish to add an additional manufacturing facility to our list of facilities that are producing this product.

This facility is located at 313 North 1st Street, Abbotsford, Wisconsin, 54405.

The addition of this facility will not change the total quantity of product we initially requested that was approved in our initial petition.

We anticipate being in a position to begin producing early to mid April of this year.

In light of time, could you possibly provide a verbal or e-mail permission to me for us to move forward with the additional manufacturing facility. It would be much appreciated.

If you have any questions, please do not hesitate to call or write. Thank you for your consideration.

Sincerely,

James C. Sartori
President
Sartori Food Corporation
