## Humane Education Club

The views, topics, and discussions that will take place in this club setting do not reflect the beliefs or stance of Barry Goldwater High School or Deer Valley Unified School District #97.

The Humane Education Club trains high school students on humane animal issues. The students are trained by the Facilitator, Mrs. Benyk and co-facilitated by returning members. All members are trained in animal  
We feel compelled to continue this education as we know from research that animal abuse leads to human abuse. We also host guest speakers and raise money for national animal charities.

Thanks on behalf of animals.
