RE: Notification of Nutritional Support Statements

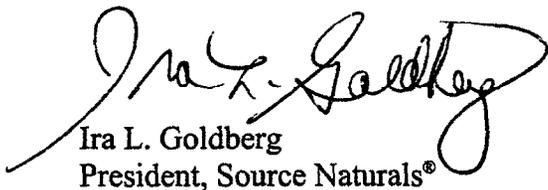

Dear Sir or Ma'am:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Ester-C® Chewable a dietary supplement. Source Naturals® is the manufacturer of Ester-C® Chewable.

Statements being made in the labeling of Ester-C® Chewable:

- 1) Ester-C® contains ascorbates that are fully reacted with minerals making Ester-C® non-acidic and "stomach friendly".
- 2) Vitamin C metabolites are the key difference between Ester-C® and other vitamin C products.

To the best of my knowledge and belief, and based upon information available at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.

Ira L. Goldberg
President, Source Naturals®
