Subject: Closing of Petition for Amending the Standard of Identity for Bottled Water
To: Docket No. 00P-1439

2753 '04 AUG -2 P3:46

On September 28, 2001, Vernon Matheson, of Iceberg Industries Corporation in Newfoundland, Canada, submitted on behalf of Iceberg Industries, a citizen petition requesting that the Food and Drug Administration (FDA) amend the standard of identity for Bottled Water, Docket No. 00P-1439.

This petition was filed by FDA on October 10, 2001.

During the last week of March, 2004, Ms. Loretta Carey unsuccessfully tried to contact Mr. Matheson at the telephone number provided in the petition to discuss some issues regarding his petition. Ms. Carey also tried to contact Mr. Matheson at 709-438-2435, the number provided in his letter requesting to amend Iceberg Industries Temporary Marking Permit. This attempt to contact Mr. Matheson was also unsuccessful because there was a recording saying, "your call cannot be completed as dialed, please check the number and dial again."

In a letter dated April 16, 2004, Ms. Carey asked Mr. Matheson to please contact FDA to discuss the matter of Iceberg Industries petition. The letter was returned to sender (letter and envelope attached).

Because Mr. Matheson cannot be reached, FDA is closing the petition listed above.
