Re: Notification for Statements on Dietary Supplement Labels

Dear Sir/Madam:

This firm represents Nature's Sunshine Products, Inc., Provo, Utah, a manufacturer and distributor of dietary supplement products (hereinafter "Nature's Sunshine"). Nature's Sunshine has requested that we notify your Agency on its behalf of the inclusion of statements of nutritional support on a dietary supplement product label.

Pursuant to the requirements of Section 6 of the Dietary Supplement Health and Education Act of 1994, 21 U.S.C. §343(r)(6), and in accordance with the authorized provisions of 21 CFR §101.93(a), your Agency is hereby notified that Nature's Sunshine has made statements of "nutritional support", as described in 21 U.S.C. §343(r)(6)(A), for a dietary supplement as follows:

<u>Product Name</u>	<u>Label Statement</u>
Colloidal Minerals - 32oz	Vital nutrition support. Plant-sourced minerals in a fulvic acid complex. Required by the cells for proper function and structure. Contains macro and trace electrolyte minerals. pH buffered for maximum benefit. Nature's Sunshine Products Colloidal Minerals contains vital fulvic acid minerals (at least 64) in liquid suspension which help the body maintain vitality for the day's demands while supporting its rebuilding processes during the night. The colloidal minerals present

come from fulvic acid complexes formed by ancient plant deposits found in central Utah. This product provides varying amounts of colloidal minerals in natural balance as produced by nature. The advantage of having minerals in the colloidal state is they are more readily available for assimilation into the body when ingested.

Two copies of this notification are enclosed with this original document.

The undersigned hereby certifies on behalf of Nature's Sunshine that the information contained in this correspondence is complete and accurate.

Sincerely yours,  
GRONEK & ARMSTRONG
