Re: Docket No. 2002N-0273, Substances Prohibited From use in Animal Food or Feed

To Whom It May Concern:

The World Renderers Organization was formed in 1999 with the purpose of bringing renderers worldwide together to share information and seek solutions of mutual interest to the rendering industry.

Our membership includes representatives from 17 countries.

I am writing on behalf of the WRO to associate ourselves with the comments submitted by the National Renderers Association.

We believe the comments of the NRA and its' accompanying study by Informa Economics make a very good case for the argument that there is no need to change the existing feed rule.

Thank you for you consideration.

Sincerely,

Doug Anderson
President
