Please be advised that Jarrow Formulas, Inc. is marketing a product containing a "Structure and Function" statement on the label. According to the notification requirements set forth by the DSHEA (Dietary Supplement Health and Education Act, 1994) legislation, please be advised of the following:

Name of Product: Vanadyl Factors™, 100 capsules

Active Ingredient(s): Vanadyl Sulfate, Taurine, L-Arginine

Claim(s): Vanadyl Factors™ contains three synergistic nutrients that affect carbohydrate metabolism in the body. Vanadyl Sulfate is a form of the trace element Vanadium. Vanadyl is a component in metalloproteins found in the body. Because Vanadyl Sulfate can affect glucose metabolism, it is suggested that this product be taken along with carbohydrate rich meals.

The following disclaimer appears on the label: These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

These claims are limited to, and a result of, what we believe to be a substantial body of scientific evidence supporting the functional role of these nutrients. A compendium of relative published research substantiating the above statement(s) is on file at the corporate office.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Siddharth S. Shastri".

Siddharth S. Shastri, B.A., C.C.N.
Director of Product Development

USAGE: Do not take on empty stomach. **General Use:** As a dietary supplement, take 1 capsule per day, or as directed by your qualified health consultant. **High Level Resistance or Aerobic Training Use:** Take 1 capsule up to twice daily, with meals, or as directed by your qualified health consultant. Do **NOT** use if pregnant, lactating, or under the age of 18.
