ACTION: Final rule.

SUMMARY: This action amends the Class D airspace area at Colorado Springs United States Air Force (USAF) Academy Airstrip, CO. The effect of this action provides additional airspace in the Visual Flight Rules (VFR) traffic pattern by increasing the ceiling of the Class D airspace from 8600' MSL to 8800' MSL.

EFFECTIVE DATE: 0901 UTC, October 8, 1998.

SUPPLEMENTARY INFORMATION:

History
On May 4, 1998, the FAA proposed to amend Title 14, Code of Federal Regulations, part 71 (14 CFR part 71) by modifying Class D airspace at Colorado Springs USAF Academy Airstrip, CO (63 FR 24500). The USAF Academy has seen substantial development adjacent to the airfield in recent years causing the VFR traffic pattern altitude to be increased to 7800' MSL (1000' AGL). In the interest of safety at this high intensity student training area, it is considered reasonable and necessary to have a 1000' Class D airspace area above the standard VFR traffic pattern. The 1000' of Class D area allows a student pilot a safety area of 500' above the standard VFR traffic pattern and still have 500' from overflights of the USAF Class D airspace. This rule satisfies the requirement of a 1000' safety area by increasing the Class D airspace area from 8600' MSL to 8800' MSL. Interested parties were invited to participate in the rulemaking proceeding by submitting written comments on the proposal. No comments were received.

The coordinates for this airspace docket are based on North American Datum 83. Class D airspace areas designated as surface areas are published in Paragraph 5000 of FAA Order 7400.9E, dated September 10, 1997, and effective September 16, 1997, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule
This amendment to 14 CFR part 71 modifies Class D airspace at Colorado Springs USAF Academy Airstrip, CO, by providing the additional airspace necessary to increase the Class D airspace area from 8600' MSL to 8800' MSL. This modification of airspace allows the VFR pattern to be fully encompassed within Class D airspace and still provide safe and efficient use of the navigable airspace and to promote safe flight operations under VFR at the Colorado Springs USAF Academy Airstrip.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

NATIONAL INDIAN GAMING COMMISSION

RIN 3141-AA04

Issuance of Certificates of Self Regulation to Tribes for Class II Gaming

AGENCY: National Indian Gaming Commission.

ACTION: Final rule.

SUMMARY: The National Indian Gaming Commission issues this rule which provides for the review and approval of petitions for tribal self-regulation of Class II gaming. This rule implements the Class II self-regulatory provisions of the Indian Gaming Regulatory Act and will provide both a financial benefit and reduction in Federal regulations for tribes that obtain certificates under this rule.

EFFECTIVE DATE: September 8, 1998.

FOR FURTHER INFORMATION CONTACT: Maria Galvez, National Indian Gaming Commission, 1441 L Street, NW, Suite 9100, Washington, DC 20036; telephone: 202-632-7003.

SUPPLEMENTARY INFORMATION: The Indian Gaming Regulatory Act (IGRA, or the Act), enacted on October 17, 1988, established the National Indian Gaming Commission (Commission). Under the Act, the Commission is charged with regulating class II gaming and certain aspects of class III gaming on Indian lands. On March 12, 1998, the Commission proposed regulations for the issuance of certificates of self-regulation for class II gaming to Tribes. 63 FR 12319-12323. The Commission requested comments on those proposed regulations. On April 1, 1998, the Commission held a public hearing in Portland, Oregon, on the proposed regulations. Below is the Commission's analysis of the comments received both in writing during the comment period, and at the public hearing. In addition, prior to the drafting of the proposed rules, all gaming tribes were asked to provide comments on the meaning of the term, “self-regulating”, which the Commission has also considered. Below is the Commission's analysis of the comments received during the comment period and the text of the final regulations.

General Comments

One commenter advocated for negotiated rule making in the promulgation of these regulations. The Commission concluded that negotiated rule making would not allow the Commission to issue these regulations in a timely manner. However, the regulated community was provided several opportunities to comment on both the concept of self-regulation generally and the proposed regulations specifically. On November 13, 1997, the Commission sent a “Notice to Interested Parties” to all gaming tribes requesting comments on the meaning of the term, “self-regulation.” In addition, on November 18, 1997, NIGC Chairman Tadd Johnson addressed a gathering of tribes in Santa Fe, New Mexico, where he discussed self regulation. Further, on January 27, 1998, members of the Commission staff met with tribal representatives in Washington, D.C. to discuss the concept of self-regulation. In early February 1998, Commission staff held an open meeting at the Gila River reservation in Arizona for the purpose of discussing self-regulation and other regulations. Then, on April 1, 1998, the Commission held a public hearing on self-regulation in Portland, Oregon. Seven witnesses testified, representing tribes with both large and small gaming operations.

Another commenter stated that “IGRA prohibits the NIGC from regulating Class II gaming by Tribes with certificates,
