DATE: October 4, 1996
BY: LRB 10/4/96
Document Name: sf01garc.wpd

PRODUCT: GAN 52111 Time Release CITRIMAX 30t

NUTRIENT AMOUNT: 500 mg Citrimax (Garcinia cambogia) & 100 mcg Chromium (as polynicotinate) per caplet

STRUCTURE/FUNCTION CLAIM:

AFFECTS METABOLISM OF FATS AND CARBOHYDRATES.
Great American Nutrition's CITRIMAX is specially designed to affect metabolism of fats and carbohydrates without the side effects associated with chemical diet aids. Recently, scientists have rediscovered a rare natural compound the people of southern Asia have treasured for centuries. Available to you as CITRIMAX™, (-)-hydroxycitric acid (HCA) is extracted from the rind of a small tropical fruit, the Malabar Tamarind (or Garcinia cambogia). Studies have shown that CITRIMAX™ helps appetite, and slows synthesis of fats and cholesterol. HCA is not a stimulant - therefore there is no nervousness, insomnia, depression or hypertension as with other appetite suppressants.

Great American Nutrition has combined this perfect natural diet supplement with Chromium to create a maximum strength, safe and natural dietary aid.

The Citrimax™ Diet Plan, which includes healthy eating habits, regular exercise and nutritional supplementation:

- NATURALLY ADJUSTS APPETITE
- SPEEDS UP CALORIE BURNING
- NO UNWANTED SIDE EFFECTS
