Dear FDA:

I will not buy dairy products from cows treated with rBGH. Without a national policy on rBGH labeling it is almost impossible for me to be aware of which dairy products contain rBGH. I urge you to make this growth hormone illegal in the United States, just like it has been banned from being used in Europe, there is an obvious reason it is being banned. I also urge you to adopt definitive national guidelines regarding rBGH labeling adhered to in all fifty states. Thank you.
