Docket 4 00P-14991cp1

Sir:

I have Low Grade Colitis. The drug lotronex is the only medication that has worked. Thanks to its removal from the market, I face surgical removal of the bowel. I am multi handicapped. This would cause severe hardship.

I understand some consumer group is behind this move. I wish to know the name of the group so I can investigate the possibility of a class action complaint.

Wishing you a long and painful burn in HELL.
