5630 Fishers Lane, Room 1061 (HFA-305)
Rockville, MD 20852

Dear Commissioner Henney:

As a concerned citizen, I urge the FDA to require the labeling and pre-market safety testing of genetically engineered foods. We have an absolute right to know what is in the food that we are purchasing, as well as how it was produced. Scientists and doctors have warned that these crops may have unexplained side effects on the diet and the environment, and there is no evidence that these foods are safe in the long run.

Please take action to ensure that our health and environment are not put at risk.

Sincerely,

Ms. Edna A. Adams

009-1211
