Dear Commissioner,

I strongly urge the Food and Drug Administration to act on docket number 98P-0151/CP1 and make a rule which BANS the slaughter of downed animals for human food. It is horrible, and something needs to be done about it. It is cruelty to the animals, and there are certain laws about cruelty to animals. Please do something to help out these defenseless and helpless animals.

Thank you,

Kristin M. Johnson
