

SAVE THE SPIRIT BEAR

R. Tyner

The elusive white Spirit Bear lives only in the coastal temperate rainforests of British Columbia, Canada. Please join NRDC in our campaign to stop clearcutting of the Spirit Bear's home and to give the Gitga'at and other Native peoples control of the rainforest.

Dear Sirs,

Please give people a higher priority than corporate ~~politics~~ politics by BANning the addition of antibiotics (used by humans) to animal feed. Follow the stellar example of the EU, in accordance with advice from the Centers for Disease

Director, FDA
