Dear Ms Henney:

Re: Docket 99P-0033/CP 1

I am writing to you to please act on the HFA petition to put an end to the practice of feeding dead pigs, horses, and other animals to other farm animals. Cows are not meat eaters by nature and they shouldn't be forced to eat dead animals.

Also, is there any way you and the FDA can improve the conditions for the animals suffering on these factory farms?

How did we ever allow these factory farms to ever come in to existence?

Why are animals raised under such cruel and inhumane conditions?

Why are cows injected with antibiotics that make them sick and subject them to all kinds of health problems as well as cause illness to humans who drink their milk and eat their meat?

Please help stop factory farming and its cruel treatment of its animals.

Thank you Jane for your attention and time.
