Dear Commissioner Henley:

Re: Docket 99P-0033/CP 1

I am writing to support the HFA petition to put an end to the practice of feeding dead pigs, horses, and other animals to other farm animals. These farm animals are not meat eaters by nature and need not be forced to eat dead animals as well as the possibility of disease transmission to them AND HUMANS WHO THEN EAT THEM.

I am grateful to be in the process of becoming completely vegan and am concerned about what certainly appears to be the fostering and encouragement of cannibalism for farm animals. It reinforces my decision.

Thank you.

Sincerely,

Alice B. Bartholomew
