Jane Henney, M.D.
Commissioner
Food and Drug Administration
5600 Fishers Lane
Room 1471
Rockville, MD 20857

Dear Dr. Henney:

Please ban the use of growth-promoting antibiotics in animals. Our health depends on it. It is well known that the overuse of antibiotics is putting our lives at risk. Why do we still use them in animals that we eat?

The European Union has banned growth-promoting uses of antibiotics used in human medicine. Please follow Europe's lead and do the same for the United States.

Sincerely,

LouAnn Baudrand
