Washington, DC 20204

Dear Sir/Madam:

This is a notification pursuant to 21 U.S.C. 343(r)(6) that Standard Process Inc., Palmyra, Wisconsin 53156-0904, is making the following statements:

- (1) Cyrofood Powder maintains cellular health.
- (2) Carrots contain silicon to promote calcium metabolism.
- (3) Cyrofood Powder boosts your energy and strengthens the immune system.
- (4) Both dates and rice have been used among the Chinese to help build strength. Bovine glandulars offer specific nutritional support for corresponding tissue. Mushrooms help support a healthy immune system. Alfalfa is a virtual storehouse of minerals and trace elements.
- (5) Cyrofood Powder keeps your nervous system healthy.
- (6) Wheat germ contains essential fatty acids and B-complex vitamins to help the brain develop and function properly. These vital nutrients also assist in nerve transmission. Soybeans provide lecithin for healthy brain function.
- (7) Cyrofood Powder supports skeletal and digestive health.
- (8) Oats are rich in silicon to increase calcium absorption and maintain bones and connective tissue. Peas exhibit a calming effect on the digestive process. Cyrofood Powder also contains digestive enzymes to promote a healthy intestinal environment.
- (9) The bone marrow taken from the inside of the veal bone helps support healthy blood formation.
- (10) Whole desiccated animal tissues support the corresponding organs in humans.

97S - 0162

LET 55457 0909

These statements are made for a dietary supplement containing a proprietary blend of defatted wheat (germ), oat flour, peanut (bran), date powder, honey, nutritional yeast, bovine adrenal, bovine liver, magnesium citrate, glycerin, bovine spleen, ovine spleen, bovine kidney, pea (whole plant), mushroom, alfalfa powder, lecithin, arabic gum, rice bran, pyridoxine hydrochloride, cholecalciferol, cocarboxylase, and riboflavin. Other ingredients include bovine bone meal, veal bone meal, calcium lactate, and vitamin A palmitate. The name of the product is Cyrofood® Powder.

The information contained herein is accurate and Standard Process Inc. has substantiation that the statements are truthful and not misleading.

Sincerely yours,

Ann Holden  
Standard Process Inc.
