RE: HEARING TEST REQUIRED

I think it totally ridiculous for a law to be passed to require some one to have to have a hearing test before getting hearing aids.

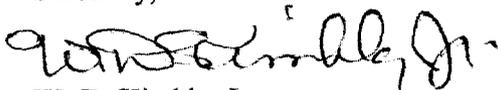

I got my first hearing aids from Miracle Ear. They came to my house and gave me a hearing test. I was perfectly happy with the test and my hearing aids. I wore them for many years. I then went to a Ear Doctor to have a hearing test. The Dr. told me that hearing aids would not help me. I did not tell him that I all ready had hearing aids. What he told me was a ball faced lie. I have my second set of hearing aids from Excell and I am very happy with them. I think a person should be able to get hearing aids as they please.

It seems as this country is becoming more and more of a Federal Government Dictator.

If the Federal Govt. Requires a person to have a hearing test then the Govt. should have to pay for the test.

In plain English I should be able to choose how I get my hearing aids. I should be able to choose whether I have a hearing test or not. I have found the hearing aid people to be very honest.

Sincerely,
