Dear Dr. Henny:

Recently I read an article from the Associated Press where the National Milk Producers Federation filed a complaint with your department about products such as soymilk not being allowed to use the word "milk." To me this is an incredible waste of my tax money to help support an already overly subsidized monopoly.

I ask that you refuse to hear this request and not allow this complaint to even be considered. I am definitely sure many other issues come across your desk that really do deserve your attention.

Thank you for you time and consideration.

Sincerely,

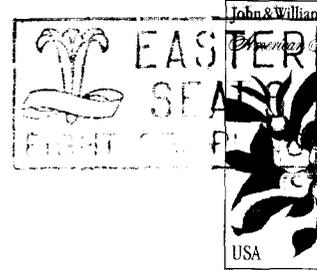

Marci Levine
