FDA Dockets Management Branch (HFA-305)  
5630 Fishers Lane, Room 1061  
Rockville, MD 20852

Dear Commissioner Henney:

I am writing this to request your support for the clear labeling of genetically engineered food and legislation **requiring** that labeling (Docket No. 00P-1211/CP1). I demand to have this information provided me so that I can make food purchase decisions so as to avoid genetically engineered products.

I also urge the FDA to withhold further introduction of these products to the market until long-term health and environmental testing has been completed.

Please inform me as to your position on this matter.

Sincerely,

Daniel Karamanski
