US FDA  
5600 Fishers Lane  
Rockville, MD 20857-0001

Dear Commissioner Henney:

I am writing to urge you to create a reporting system to determine the quantity of antibiotics being used in US livestock industries. It is documented that the overuse of antibiotics for non-therapeutic purposes is encouraging the growth of resistant bacteria, and I fear there is little doubt that we are heading for a public health crisis.

Please hold the industry accountable for its use of these drugs.

Thank you for your attention.

Sincerely,

  
Lise Brody
