RE: Docket Number 98P-0151/CP1

Dear Management,

Using animals for human consumption, to many people, is barbaric, ruthless, and heartless.

But, furthermore, the slaughter of cows who have been neglected, denied veterinary care, and denied food is - not only barbaric, ruthless, and cold-hearted - but intolerable and unacceptable; Any individuals found guilty of these heinous acts should be harshly penalized.

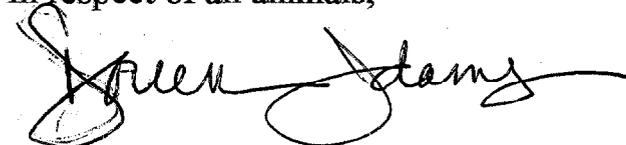

Grant Petition 98P - 0151/CP1.

Prohibit the slaughter of downed animals for human food.

Risk of bacterial contamination and disease afflictions may lead to human fatalities.

Animal suffering is unnecessary.

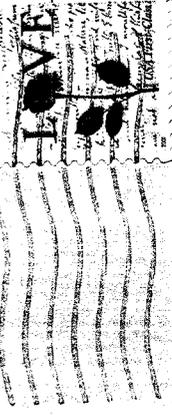

In respect of all animals,

Doreen Adams
