Subject: Patient Profile Viewer – Pilot Project Request for Participation  
Docket No. 01N-0496

Dear Sir or Madam,

Recognizing the value of the effort by the FDA and industry in promoting standards for clinical research data, as well as the contributions already made by several Aventis associates, I am writing to request that Aventis Pharma be permitted to participate in the Patient Profile Pilot. We are now able to allocate resources to the evaluation of the proposed specifications and input in support of the Patient Profile viewer. The nominees for participation from Aventis are Abdelhak Oualim and Michael Fitzsimmons and the contact will be Dr. Oualim.

Sincerely,

A handwritten signature in black ink that reads "Hugh Donovan".

Hugh Donovan  
VP, Global Data Management
