Re: Michael's Naturopathic Programs Blood Pressure Factors

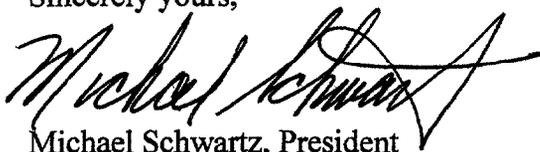

Dear Dr. Walker,

This will respond to your October 15, 2003 letter regarding the claim "maintain proper blood pressure" for the Michael's Naturopathic Programs Blood Pressure Factors product. The FDA was notified of this claim in an August 26, 2003 letter from Michael's Naturopathic Programs.

The statement "maintain proper blood pressure" will be revised to state "for maintenance of blood pressure levels that are already within the normal range."

We trust that this will rectify the concerns set forth in your Courtesy Letter. Thank you for your cooperation regarding this matter and if you have any questions contact the undersigned at your convenience.

Sincerely yours,

Michael Schwartz, President  
Michael's Naturopathic Programs
