RE: 21 U.S.C. Section 343(r)(6), Notification of Statements on Dietary Supplements

Dear Sir:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of chitosan 500 mg with chromium 200 mg, a dietary supplement.

Statements being used for labeling and/or marketing of chitosan 500 mg with chromium 200 mg

1. Chitosan binds to fats (lipids) and reduces their absorption into the body.
2. Chitosan binds fat in the intestine and blocks its absorption.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I hereby certify that the above information is accurate and complete. Dr. Walter Smith's Get Thin Program possesses substantiation that the statements are truthful and not misleading.
