MADE IN ITALY

The dark glass bottle is temper resistant for your protection, preserving this product from light, moisture and microbial contamination. Outer box prevents any further exposure to the light, fully ensuring its original stability and potency. All materials are completely recyclable. Keep in a dry cool place.

Herbal Supplement
Asian Ginseng

Root

Panax Ginseng

Whole Phytocomplex Concentrate
Freeze-Dried Extract Micronized Plant Powder

280 mg per capsule

Asian Ginseng (*Panax ginseng*), commonly named Ginseng, is traditionally used for its tonic-adaptogen properties that help to promote energy and endurance.*

This plant is carefully selected by Aboca adhering to the strictest protocols. Systematic quality controls implemented throughout the entire production process and analytical testing performed on raw material and finished product validate the safety and effectiveness of this herbal supplement.

Though ginsenosides are considered the main active ingredients of Asian Ginseng, many other plant components contribute to the herb's efficacy. That is why Aboca has developed the exclusive W.P.C.

W.P.C. (Whole Phytocomplex Concentrate) is a combination of the freeze-dried extract with micronized powder from the same portion of the plant, to assure maximum bioavailability, optimum concentration of active principle and the full-spectrum of constituents.

The result is a product with uniform content of ginsenosides without the use of excipients, colorings, flavorings, or preservatives. GMO free
