277 mg per capsule

Net Wt. 1.13 oz (32.1 g) Capsules

Ginkgo (*Ginkgo biloba*) supports memory and mental function.*

This plant is carefully selected by Aboca adhering to the strictest protocols. Systematic quality controls implemented throughout the entire production process and analytical testing performed on raw material and finished product validate the safety and effectiveness of this herbal supplement.

Though terpenes lactones and Ginkgo flavone glycosides are considered among the main active ingredients of Ginkgo, many other plant components contribute to the herb's efficacy. That is why Aboca has developed the exclusive **W.P.C.** (**Whole Phytoextract Concentrate**) is a combination of the freeze-dried extract with micronized powder from the same portion of the plant, to assure maximum bioavailability, optimum concentration of active principle and the full spectrum of constituents.

The result is a product with uniform content of terpenes lactones and Ginkgo flavone glycosides without the use of excipients, colorings, flavorings, or preservatives. **GMO free.**
