RE: Notification of Statements of Nutritional Support

Dear Dr. Walker:

This letter is to inform your office that Santica U.S.A., Inc., has within the past 30 days, commenced marketing the following statements of nutritional support for the product Cellulase™ Gold. In each case, the company believes these statements are truthful, nonmisleading and substantiated.

- Helps reduce cellulite and smooth the appearance of legs, thighs and buttocks.
- Based on scientific research behind this product, there is evidence that Cellulase™ Gold can effectively reduce cellulite, smooth the appearance of thighs, buttocks and legs, increase blood microcirculation and drain excess fluid under your skin.
- Makes your legs feel lighter and acts as a powerful antioxidant (free radical scavenger).
- Helps improve microcirculation to promote healthy blood flow and decreased leg swelling.
- Helps drain fluid retention in surrounding tissues.
- Helps cellular metabolism below the skin to facilitate the reduction of trapped fat.
- Effectively reduces the formation of free radical activity and helps protect the collagen fibers, thus helping skin elasticity and firmness.

Sincerely,
