

APPENDIX 5

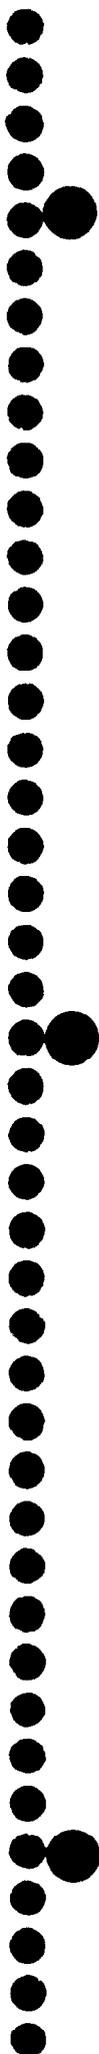

2474-US

Remove Shampeeling is an intensive purifying treatment with lasting effect. After regular use for 4 weeks, hair stays free of dandruff for up to 2 months. Its exclusive Multicontrol anti-dandruff complex, made from zinc pyrithione, piroctone olamine and climbazole, fights even the most persistent dandruff more effectively and with longer-lasting effects.

Directions for Use:

Use 3 times a week instead of shampoo. Apply a small amount directly on the scalp with your hair wet and lightly rub it in. Let it act for 2 minutes. Emulsify with water. Rinse thoroughly. After 4 weeks' use, your SP hairstylist will be pleased to advise you about subsequent care of your hair and scalp.

Sold exclusively at hairdressing establishments. Please consult your SP hairstylist.

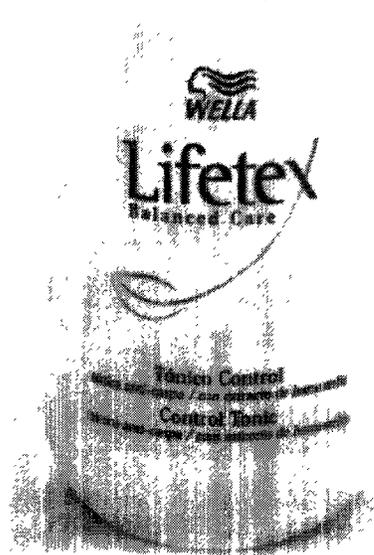

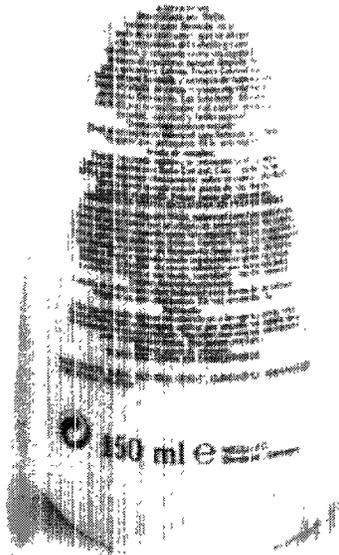

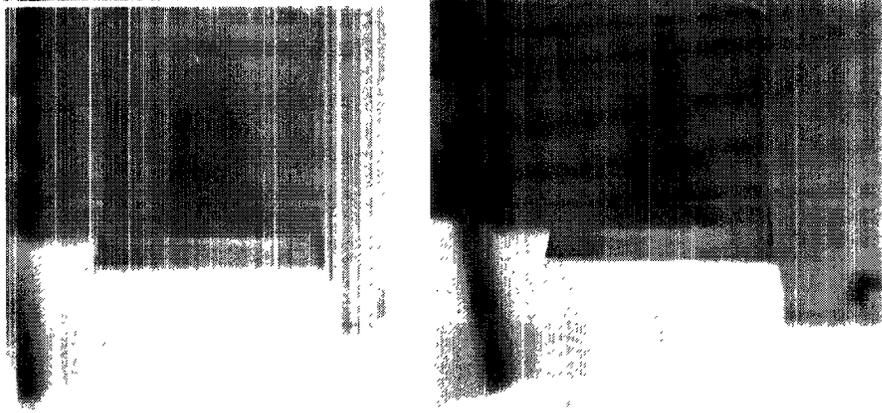

Regular use of **Removing Intensive Shampoo** for 4 weeks eliminates dandruff from the scalp for up to 2 months. The wide-range formula with zinc pyrithione, piroctone olamine and climbazole effectively fights even the most stubborn dandruff. The exclusive vitamin extract actively increases the hair's resistance.

System Professional Just Men fights the hair's ageing process by giving it extra strength and vitality.

Directions for Use: Use 3 times weekly. Apply a moderate amount to the scalp and rub in. Leave on scalp for 2 minutes. Emulsify. Rinse thoroughly. Dermatologically tested. Skin-compatible. Professional Product. Available only in authorized salons.

WELLA
**WELLA BALSAM
 CHAMPÚ**
 Anticasta

Las Ceras Naturales de Frutas que se encuentran en la corteza de las frutas, nos permiten protegerlos contra las agresiones de origen térmico, de este modo, las frutas conservan su frescura y su vida natural.

Para proteger eficazmente tu cabello de la agresión de contaminación exterior, el agua de la ducha y la causa de que el cabello pierda su brillo y se debilite, WELLA BALSAM ha creado el Champú Anticasta que, además de Ceras Naturales de Frutas contiene un efectivo hidratante anticasta que combate y previene el resquebrajamiento de la corteza de forma gradual mediante su uso frecuente, devolviéndole el brillo natural y el color natural y el brillo.

CONSEJO DE UTILIZACIÓN

Aplicar sobre el cabello mojado y con un suave masaje sobre la cabeza, para después aclarar con abundante agua.

Este champú requiere cuidados adicionales y frecuentes. Para más información consultar WELLA BALSAM. Existe toda una gama de productos para cada una de las necesidades de tu cabello.

lactovit Champú nutritivo anticaspa

La leche es un elemento natural, íntegro y rico en nutrientes, con reconocidas propiedades para el organismo. Sus ingredientes, por sus importantes propiedades hidratantes y protectoras, actúan también de forma eficaz sobre el cabello. El nuevo champú nutritivo lactovit nutre en profundidad el cabello gracias a su fórmula basada en los ingredientes activos de la leche que alimentan el cabello hasta el vitelo.

El champú anticaspa, gracias a su activo de gran eficacia, previene y elimina la descamación y sus molestias asociadas. El resultado es un cabello fuerte, sano y protegido, y un cuero cabelludo nutrido sin descamación.

El champú nutritivo lactovit anticaspa, alimenta y nutre tu cabello.

CABELLO NUTRIDO

La acción combinada de las proteínas, el calcio y los minerales de la leche nutren el cabello, normalizando su equilibrio natural.

CABELLO HIDRATADO

Gracias al aporte de fosfolípidos, el cabello se mantiene hidratado durante las 24 horas y recupera su elasticidad.

CABELLO PROTEGIDO

Las vitaminas A, E, F B5 y B6 refuerzan la protección natural del cuero cabelludo, manteniendo el equilibrio hidrolipídico de la superficie cutánea.

Gracias a su fórmula suave y a su textura cremosa permite el uso diario de toda la familia.

Consejos de utilización:

Aplicar sobre el cabello húmedo con un suave masaje. Aclarar con agua abundante y repetir el proceso si se desea.
