

**BEFORE THE US FOOD AND
DRUG ADMINISTRATION**

**ANTIBODY SYSTEMS, INC., §
CITIZEN PETITION §**

AFFIDAVIT

**STATE OF TEXAS §
COUNTY OF TARRANT §**

BEFORE ME, the undersigned Notary Public in and for Tarrant, County, Texas, on this day personally appeared Dr. Neil Dishon, MD, known to me, and having been duly sworn stated and deposed upon his oath the following:

1. My name is Dr. Neil Dishon. I am over 21 years of age and fully capable in law and fact to make this affidavit. Each of the statements in this affidavit are true and correct to my personal knowledge unless otherwise stated. This affidavit is made in conjunction with the Citizen's Petition to the Commissioner of the US Food and Drug Administration by Terry Fredeking, President of Antibody Systems, Inc., of Hurst, Texas.
2. I declare that neither Terry Fredeking nor Antibody Systems, Inc. ever represented to me that they controlled, owned, or had influence over the North Texas IRB. The North Texas IRB was an independent review committee that reviewed protocols and informed consents. It was predominantly staffed by the faculty of the University of Texas, whose majority voting members were unknown and unrecruited by Terry Fredeking or Antibody Systems, Inc. As the chairman of the North Texas IRB, I recruited the majority of the members of the North Texas IRB and approved additional members.

Dated this 13 day of April, 2005.

Neil D. Dishon, MD
Dr. Neil Dishon, MD

Heather Mary Baker
Notary Public in and for
the State of Texas

My Commission Expires:
