

Emerson EMS  
Information  
Sessions

## **Informational Sessions**

### **1. Health Fair**

An IMMEDIATE Trial table was set up at the Harvey Wheeler Community Center Health Fair, June 10, 2006 in Concord, MA. An IMMEDIATE Trial Project Manager represented the Trial at the fair. Approximately 20-25 people attending the health fair visited the IMMEDIATE Trial table. A brief overview of the study was provided to everyone who came to the table in addition to handing out an information sheet or brochure.

### **2. Community Consultation / Informational Meetings**

A number of Community Consultation Informational meetings took place throughout the Emerson Hospital EMS service area in order allow potential participants in the different communities to express their opinions regarding the IMMEDIATE Trial. At each meeting the regional Investigator presented a Power Point presentation (see tab 4, video media) that was followed by a question and answer session. IMMEDIATE Trial Brochures were available and attendees were encouraged to share them with family and friends.

The following is a list of the Community Consultation / Information Meetings that were held:

- Harvey Wheeler Community Center-Concord, July 26, 2006
- Acton/Boxborough Rotary Club Meeting, August 23, 2006
- Littleton Council on Aging, September 20, 2006
- Concord Rotary Club Meeting, October 5, 2006
