RE: F060328008 - Hypertonic Resuscitation following
Traumatic Injury (Southeastern Resuscitation Research Center)

Reviewed & approved by convened
IRB on May 2, 2007

This memorandum is a written request to begin enrollment in the above protocol for Omniflight Inc., (Alabama LifeSaver).

Omniflight has a signed and fully executed contract on file with the UAB Office of Grants and Contracts Administration. Omniflight has also secured a Federal Wide Assurance number from the Office for Human Research Protections (FWA00011311). This agency has completed the training in Good Clinical Practices. As a component of our IRB approved Community Consultation / Public Disclosure plan, we have presented an overview of the above protocol to the Birmingham Community Advisory Board on 4/16/07 at 7PM, to the Gadsden City Council on 4/17/07 at 10:00 AM, to the Tuscaloosa City Council on 4/17/07 at 1:30PM, and to the Anniston City Council on 4/24/07 at 5:30PM. We solicited feedback at each community meeting and at each; the study was warmly received by the community representatives with no negative comments expressed to UAB researchers or IRB board members. UAB IRB board members attended each meeting.

Thank you in advance for your consideration of this request to begin enrollment and for your support of emergency research. If you have any questions or need any additional information, please do not hesitate to contact me.

RE: F060328008 - Hypertonic Resuscitation following
Traumatic Injury (Southeastern Resuscitation Research Center)

This memorandum is a written request to begin enrollment in the above protocol for American Medical Response (AMR) Ambulance Service.

AMR has a signed and fully executed contract on file with the UAB Office of Grants and Contracts Administration. AMR has also secured a Federal Wide Assurance number from the Office for Human Research Protections (FWA00011367). This agency has completed the training in Good Clinical Practices. As a component of our IRB approved Community Consultation / Public Disclosure plan, we have presented an overview of the above protocol at the Jefferson County Advisory Committee Meeting on Wednesday, April 25, 2007 at 2:00 p.m. and the Fairfield City Council Meeting on Monday, May 7, 2007 at 6:30 p.m. In addition, AMR's coverage area overlaps with Bessemer Fire and Rescue. There was a community meeting held at Antioch Baptist Church in Bessemer on Monday, April 16, 2007. We solicited feedback from the community and will attend additional community meetings as requested by the City Council as an ongoing process. A UAB IRB board member attended the City Council meeting.

Thank you in advance for your consideration of this request to begin enrollment and for your support of emergency research. If you have any questions or need any additional information, please do not hesitate to contact me.

RE: F060328008 - Hypertonic Resuscitation following Traumatic Injury
(Southeastern Resuscitation Research Center)

This memorandum is a written request to begin enrollment in the above protocol for Birmingham Fire and Rescue Service (BFRS).

BFRS has a signed and fully executed contract on file with the UAB Office of Grants and Contracts Administration. BFRS has also secured a Federal Wide Assurance number from the Office for Human Research Protections (FWA00011476). This agency has completed the training in Good Clinical Practices. As a component of our IRB approved Community Consultation / Public Disclosure plan, we have presented an overview of the above protocol at the Birmingham City Council Meeting on 8/1/2006 and at the Birmingham Community Advisory Board on 4/16/2007 at 7:00PM. We solicited feedback from the community at each meeting. UAB IRB board members attended the meeting on 4/16. We have also mailed 150 IRB approved flyers the Community and Neighborhood Leaders within the city of Birmingham in the weekly publication, through the Birmingham Community Development Office. These flyers were mailed out on 4/6/2007.

Thank you in advance for your consideration of this request to begin enrollment and for your support of emergency research. If you have any questions or need any additional information, please do not hesitate to contact me.
