Re: SECTION 403(r)(6) NOTIFICATION

Dear Sir or Madam:

In accordance with the requirements of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, Melaleuca, Inc., notifies FDA that it has begun using the following statement:

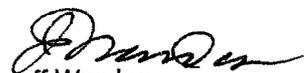

- Our patented joint replenishing complex helps naturally restore and maintain health joints—for a lifetime of activity.
- These three all-natural ingredients [bromelain, ginger, and green tea extract] help with glucosamine uptake and promote healthy joint function so you move better.
- Bromelain is extracted from the pineapple plant and has been shown to regulate the chemical messengers of the immune system to help maintain your joint health.
- Ginger is recognized as a strong antioxidant to combat the effects of free radicals.
- Green tea extract, also a powerful free-radical-fighting antioxidant, helps keep collagen (a critical part of cartilage) resilient and strong.

This statement contains the statutory disclaimer. The name of the dietary supplement is Replenex®, and the relevant dietary ingredients are glucosamine HCL, ginger root extract, green tea extract, and bromelain.

I certify that the foregoing is complete and accurate, and that Melaleuca, inc., has substantiation that the statement is truthful and not misleading.

Very truly yours,

Melaleuca, Inc.
