These claims are not necessarily for a product we currently market or plan to market in the immediate future, and may be exploratory in nature.

PRODUCT NAME	STATEMENTS	INGREDIENT(S) TO WHICH THE CLAIM REFERS
HDL Booster™*	The smaller HDL-3 is synthesized by the liver and intestines. This form, which is known as "free cholesterol-rich" HDL, scavenges or "scoops up" free cholesterol. The cholesterol is then chemically altered by the addition of an ester group. When sufficient cholesterol is esterified, HDL-3 becomes HDL-2, which is therefore referred to as "cholesterol ester-rich" HDL. HDL-2 is larger in size and has been shown to be more cardiosupportive than HDL-3.*	Vitamin C (ascorbic acid), Vitamin E (as natural mixed tocopherols), Niacin (as niacinamide), Vitamin B6 (as pyridoxine HCl), Folic Acid, Vitamin B12 (as cyanocobalamin), Magnesium (from Magnesium amino acid chelate), Selenium (as L-Selenomethionine), L-arginine (from L-arginine HCl), L-Carnitine (from L-carnitine L-tartrate), Coenzyme Q10 (CoQ10) (ubiquinone 10), Policosanol, Hawthorn Berry Extract, Taurine, Garlic, Grape Seed Extract, Grape Skin Extract, N-acetyl-L-cysteine, Alpha Lipoic Acid, Soy Isoflavones, Tocotrienols

These claims are not necessarily for a product we currently market or plan to market in the immediate future, and may be exploratory in nature.

PRODUCT NAME	STATEMENTS	INGREDIENT(S) TO WHICH THE CLAIM REFERS
HDL Booster™*	A trial involved 50 people, who were evaluated prior to the study, then again at three and six months. After three months of supplementation, good cholesterol levels increased in all groups.* The changes were more pronounced at the six-month time point, where good cholesterol rose up to 23 percent and levels of HDL-2 (the best cholesterol) increased 50 percent in one subset of participants (HDL <40 mg/dL).* ¹ Additionally, the supplement also helped maintain healthy triglycerides levels that were already within the normal ranges.* Decreases in homocysteine, an amino acid found in the blood that plays a role in cardiovascular health, were observed as well.*	Vitamin C (ascorbic acid), Vitamin E (as natural mixed tocopherols), Niacin (as niacinamide), Vitamin B6 (as pyridoxine HCl), Folic Acid, Vitamin B12 (as cyanocobalamin), Magnesium (from Magnesium amino acid chelate), Selenium (as L-Selenomethionine), L-arginine (from L-arginine HCl), L-Carnitine (from L-carnitine L-tartrate), Coenzyme Q10 (CoQ10) (ubiquinone 10), Policosanol, Hawthorn Berry Extract, Taurine, Garlic, Grape Seed Extract, Grape Skin Extract, N-acetyl-L-cysteine, Alpha Lipoic Acid, Soy Isoflavones, Tocotrienols

RE: Label Claims/Disclaimers

Dear Sir or Madam:

This letter is to notify you that the following product is Manufactured, Packed, and/or Distributed by Enzymatic Therapy, Inc. at 825 Challenger Drive, Green Bay, Wisconsin 54311 has a label that contains a statement provided by section 403(r)(6) of the Federal Food, Drug and Cosmetic Act. Enzymatic Therapy, Inc. wishes to take advantage of the exemption to section 201(g)(1)(C) of the act and comply with section 403(r)(6) of the act. These claims are not necessarily for a product we currently market or plan to market in the immediate future, and may be exploratory in nature.

PRODUCT NAME	STATEMENTS	INGREDIENT(S) TO WHICH THE CLAIM REFERS
HDL Booster™*	Through peripheral vasodilatation, niacin also supports the retention of healthy blood pressure that is already within the normal range.*	Niacin (as niacinamide)

I certify that the information contained in this notice is complete and accurate and that Enzymatic Therapy, Inc. has substantiation that the statements are truthful and not misleading.

RE: Label Claims/Disclaimers

Dear Sir or Madam:

This letter is to notify you that the following product is Manufactured, Packed, and/or Distributed by Enzymatic Therapy, Inc. at 825 Challenger Drive, Green Bay, Wisconsin 54311 has a label that contains a statement provided by section 403(r)(6) of the Federal Food, Drug and Cosmetic Act. Enzymatic Therapy, Inc. wishes to take advantage of the exemption to section 201(g)(1)(C) of the act and comply with section 403(r)(6) of the act. These claims are not necessarily for a product we currently market or plan to market in the immediate future, and may be exploratory in nature.

PRODUCT NAME	STATEMENTS	INGREDIENT(S) TO WHICH THE CLAIM REFERS
HDL Booster™*	A powerful free radical scavenger, clinically shown to support arterial health.*	Coenzyme Q10 (CoQ10) (ubiquinone 10)

I certify that the information contained in this notice is complete and accurate and that Enzymatic Therapy, Inc. has substantiation that the statements are truthful and not misleading.

RE: Label Claims/Disclaimers

Dear Sir or Madam:

This letter is to notify you that the following product is Manufactured, Packed, and/or Distributed by Enzymatic Therapy, Inc. at 825 Challenger Drive, Green Bay, Wisconsin 54311 has a label that contains a statement provided by section 403(r)(6) of the Federal Food, Drug and Cosmetic Act. Enzymatic Therapy, Inc. wishes to take advantage of the exemption to section 201(g)(1)(C) of the act and comply with section 403(r)(6) of the act. These claims are not necessarily for a product we currently market or plan to market in the immediate future, and may be exploratory in nature.

PRODUCT NAME	STATEMENTS	INGREDIENT(S) TO WHICH THE CLAIM REFERS
HDL Booster™*	Promotes healthy circulation.*	Grape Seed (<i>Vitis vinifera</i>) Extract, Grape Skin (<i>Vitis vinifera</i>) Extract

I certify that the information contained in this notice is complete and accurate and that Enzymatic Therapy, Inc. has substantiation that the statements are truthful and not misleading.
