Re: Natrol, Inc.

Dear Sir or Madam:

I am the General Counsel of Natrol, Inc., Chatsworth, California, a manufacturer of dietary supplement products (hereafter "Natrol").

On behalf of Natrol, and pursuant to the requirement of Section 6 of the Dietary Supplement Health and Education Act of 1994, 21 U.S.C. §343 (c) (6), your Agency is hereby notified that Natrol proposes to make statements of "nutritional support", as described in 21 U.S.C. §343(1)(6)(a), for its dietary supplements as follows:

(1) Homocysteine Balance™: The Healthy Heart Formula. Homocysteine is an amino acid derived through our diet from another amino acid, methionine. For optimum vascular health, homocysteine levels must be neutralized. Advanced studies now show that balanced homocysteine levels may be supported by specific dietary ingredients. Natrol's Homocysteine Balance™ is paralleled with this latest research and represents a breakthrough in dietary supplementation.

Please be advised that the label of each of the above dietary supplement products includes the statement that "The FDA has not evaluated these statements. This product is not intended to diagnose, treat, cure or prevent disease."

If you have any questions regarding the foregoing, do not hesitate to contact the undersigned at your convenience.

Sincerely,

NATROL, INC.

Eve Mendoza
General Counsel
