Dear [redacted],

By now you may have heard that a new law allows the U.S. Food and Drug Administration (FDA) to consider restricting or banning all menthol cigarettes. We're writing our loyal customers about this very important issue, which may determine whether you can continue to enjoy menthol cigarettes.

To study menthol, the FDA has appointed an advisory panel of scientists. Their work will continue through March 2011 before they make a recommendation.

We are fighting for your right to smoke what you want!

We think the FDA won't find a scientific basis for banning menthols, but sometimes politics trumps good science. Lorillard does not believe that menthol cigarettes should be treated any differently by the FDA than non-menthol cigarettes. We also believe that Americans have a right to make a personal choice to use any legal product.

Please let the FDA know your opinion today! You can email the scientists at TPSAC@fda.hhs.gov. Or, you can write a letter to them at:

Caryn Cohen, M.S.
Center for Tobacco Products
Food and Drug Administration
9200 Corporate Blvd., Rm. 320W
Rockville, MD 20850-3229

And, if you want to learn more, you can visit a Lorillard-sponsored website at www.understandingmenthol.com. It describes the compelling science and how menthol cigarettes simply give adult smokers a taste choice.

Thank you - and **please send your message right away**.

Madam:

I'm told you're studying the effect of menthol cigarettes. With cigarettes full of poisons, it's ludicrous you'd pick the one safe ingredient.

Vicks Vaporub contains menthol. Mothers can put this ointment on the chests of children as young as two years old. They inhale the fumes. Anyone working with rotting bodies puts it under (~~their~~) his nose to block the stench. Anyone whose nostrils are stopped up can breathe easily with Vicks on a tissue.

So this is a "new law" for this study? A good example of waste. We bet this panel of scientists could find any number of better causes.

Why don't you reconsider?

Re: Menthol Cigarettes

Dear Ms. Cohen,

Last time I looked the United States of America was a free country. I am appalled at the thought that the government might soon have a say in what kind of cigarettes I can and can not smoke.

I am 32 years old and have been smoking cigarettes since the age of 15. I am well aware of the dangers of smoking tobacco and I still choose to do so. It is my body and my right as an American to consume tobacco of any flavor if I so choose.

The fact that our country is in debt right now for so many reasons and money is being spent to study menthol cigarettes baffles me! Can't we find more important things to do with tax payer dollars? Like curing cancer or educating young adults on the dangers of becoming addicted to cigarettes? I am sure that most would agree that would be money much better spent....

The only thing that you (the government) will accomplish by banning menthol cigarettes is causing another country to profit by selling them to Americans via internet and mail order.

Wake UP!

Sincerely,

Rose M. Welch

Hellow my name is Jennifer, and i smoke Newport 100's and i buy a carton every two weeks because it's cheaper for me. I think most of the people that do smoke, smoke Menthol cigarettes. Maybe it's up seting to other co. that most people would rather smoke menthol then the others. I for one would rather smoke menthol. I am 41 now, and ive been smoking Newport 100's for about 17 or more years. And i for one would pick Newport 100's over any other cigarettes out there. And i bevale menthol makes the most money out there. If they stop menthol there will be alot of unhappy people and i for one will be. It is my choise to smoke what ever i wont and your cigarette is ast #1 in my book. I have spent a lot of money on Newport cigarettes. So i for one will help you in any way i can to keep Newport 100's menthol cigarettes out there for my self. And i no alot of people that smoke the same thing i do. So you should be the Proud makers of Newport 100's menthol cigarettes and you keep on being Proud and ill keep on being proud to smoke them. As you may call me (b) (6)

My name is Michael Mullins, and I am a Menthol Cigarette smoker. My opinion on Congress even thinking about Banning Menthols is very disturbing. I think that we should have the last word on what we spend our hard earned money on. We are very fortunate to live in one of few countrys where we do have freedom of choice. Dear Ms Cohen:

I'm writing in response to information I received concerning the banning or restriction of menthol cigarettes by the FDA.

In my opinion the government has no right to restrict a person's right to choose what kind of tobacco he or she wants to smoke or chew.

The restriction of the sale of tobacco products to minors and the restriction of smoking in public places was certainly necessary as secondary smoke is just as harmful as what the smoker inhales. Everyone is aware of the effects smoking has on one individual's health. Let the freedom of choice remain.

Sincerely,

Dear Caryn Cohen,

My name is Tina Bartoli, I am 50 yrs. old and I enjoy smoking.

Smoking, (as long as of age), to me, is a right. It was bad enough that they took our rights away, to where we can smoke. now they want to tell us what we can and can't smoke. This is getting seriously ridiculous.

I enjoy smoking menthol cigarettes and don't want ANYONE telling me

I CAN'T !!!

P.S.

I am writing to you to fight For my rights.

Sincerly.
Tina Bartoli

"To the Communists" that I Just Recieved A Letter from: Regarding: "The Banning of (ALL) Menthol Cigarettes!" ☹

1.) Freedom of My Constitutional Rights
2.) Privacy Act Being Exploited
3.) U.S. Citizens - Born in the U.S.A.
Etc. - Etc. - Etc. -

It is MY Choice To Smoke Regular or MENTHOL!
And I've Smoked Menthol Cigarettes for A Very Long Time!

And I Will Continue To Smoke My Menthol As Long As I Please - So Will Many Others!!!

P.S. Our Country is in Enough Trouble - Focus on THAT!!!

To whom it may concern,

I am writting to you to voice my concern about the F.D.A.'s consideration to ban all menthol cigarettes. I feel the restriction &/or banning of menthol cigarettes is outrageous! It's up to me personally, to decide which brand &/or type of cigarettes I want to smoke. In my opinion the government, F.D.A, & the country in general is getting too Nosy & Bossy in what we the people chose to do with many aspects of our own personal lives! Cigarettes are not an illegal substance in this country & as an adult I should have the right to make my own decisions on what to smoke, where to smoke & when to smoke. The consideration of this ban on menthol cigarettes is outrageous! I live in America — Land of the free!!, it seems as if we citizens are losing more & more of our freedom in this country every day & frankly I'm a bit sick of it.

To whom it may Concern —

I'm writing in regards to the current issue of the possible ban on menthol cigarettes. This is supposed to be America! (where people are free) The entire ban on public smoking is an outrage as well — that should be left up to each establishment to decide for themselves & now the F.D.A. wants to poke their nose into what type of cigs. I can or can't enjoy in the privacy of my own home as well.

This is ridiculous & an outrage. It's my life, my health, my choice to smoke what & when I want, & frankly where I want as well. Tobacco is a legal product in this country & I'm a legal adult citizen who should be allowed to make my own personal choices.

Being a cigarette smoker, I am considered a second class citizen - Now I understand that menthal cigarettes are under scrutiny - I thought the tea party was fighting to get government out of our lives. Instead, government is becoming

My name is Mrs. Estelle Smoat and I have smoked Menthal Cigarettes for year's. I Can't understand why you all are trying to stop menthal from being use. Please leave us alone. we don't because we want too, O K.

Estelle Smoat.

Hello,

I don't think it is fair for you to ban all menthol cigarettes. I smoke newport menthol and it should be our choice and our right to smoke menthol if we choose to do so. Also if by chance they do ban menthol I among thousands of others will quit smoking all together!

Thank You

TO WHOM IT MAY Concern:

Hello, my name is Rochelle Bingham. The reason that I'm writing this letter, is to let you know that Menthol cigarettes shouldn't be "ban" at all. As a regular menthol smoker, I feel that it should be up to the people, the smokers that is, to be able to chose the type of brand or kind cigarettes they want to smoke. Since we are paying for them, why can't we have what we are paying for. Menthol cigarettes are better than non. They (menthol) aren't so harsh as the non-menthol. So can you please don't stop making menthol cigarettes and let the customers decide on what they want. Its always good to have a choice.

Sincerely,

Rochelle Bingham

P.S. Do you have menthol light?
